DOCKET NO. **P-401/ES-98-249**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

PROCEDURAL HISTORY

On February 24, 1981, the Minnesota Public Utilities Commission (the Commission) approved Winona County's final plan for the establishment of a 911 Emergency Telephone Services System.

On March 21, 1983, Ace Telephone Company (the Company) placed a portion of a 911 Emergency Telephone System into service for Winona County.

On April 8, 1985, the Company certified the actual costs it incurred for the provision of 911 Emergency Telephone Service in Winona County.

On April 18, 1985, the Commission approved actual 911 system costs for the provision of 911 Telephone Service in Winona County.

On December 1, 1997, the Company added Automatic Location Identification (ALI) to the basic 911 system in Winona County.

On February 12, 1998, the Company certified the actual costs it incurred for the provision of ALI to the 911 Emergency Telephone Service in Winona County.

Ace Telephone Company is now requesting Commission approval of the additional actual 911 system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Ace Telephone Company has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Winona County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Ace County which have been certified by the Company are appropriate and accurate.
